## APPLICATION FOR WATER AND/OR SEWER CONNECTION PERMITS

### Mixed Use Project without Main Line Extension

This application is for a connection permit(s) for new or enlarged water and/or sewer service for the mixed use project on the property located at:

\_\_\_\_\_ (Street Address)

\_\_\_\_\_ (Assessor's Parcel No.)

The undersigned ("Owner") is the owner of the property described above (the "Property") and hereby applies for a connection permit(s) for the following service to the Property (check appropriate boxes):

|---|---|
| <input type="checkbox"/> New water service      | <input type="checkbox"/> New sewer service      |
| <input type="checkbox"/> Enlarged water service | <input type="checkbox"/> Enlarged sewer service |

Along with this application, Owner submits the following:

1. Three (3) copies of construction drawings depicting (a) each proposed building, and (b) all private water and sewer laterals serving the buildings.
2. A detailed written description of the use or uses proposed for the Property.
3. A written legal description of the Property.
4. An initial deposit in the amount set forth in the attached Appendix A to cover the District's estimated permit processing expenses. The District may require a higher or lower initial deposit based on the specifics of the project. An additional deposit may be required during the processing of the application if the initial deposit is exhausted.

All construction of water and sewer facilities shall be (a) at Owner's sole cost and expense, (b) performed by a licensed contractor retained by Owner, and (c) in accordance with the District's ordinances, resolutions, rules, regulations and standard specifications. The District will install any required water meters.

District charges, which are due prior to issuance of any connection permit or can and will serve letter, include, without limitation, the fees and charges set forth in the attached Appendix A.

Applicants for residential service shall establish and maintain credit to the satisfaction of the District by one of the following methods:

- (a) Timely payment of water bills to the District for the past three years; or
- (b) Evidence from the applicant's previous water supplier of timely payment for the past three years; or
- (c) A cash guarantee deposit in the amount set forth in the attached Appendix A.

If payment is late on a residential account that has no cash guarantee deposit, the District will require that the applicable cash guarantee deposit be paid.

Service will not be commenced until Owner's payment checks have cleared the bank. To expedite this process, Owner may provide a cashier's check or money order. If Owner owes any amount to the District for previous service, the amount due must be paid in full before service to the Property will be commenced.

The undersigned hereby designates the following person as Owner's agent with the full authority to bind Owner in all respects in connection with the processing of this application:

All fees, charges, deposits and other amounts paid to the District in connection with this application and the provision of service to the subject property, as well as any bonds that may be provided to the District in connection with main line extension agreements or other matters, shall run with the land and be applied for the benefit of the subject property, regardless of who made the payments or provided the bonds. All fees, charges, deposits and other amounts which become payable to the District in the future in connection with this application or the provision of service to the subject property, and any bonds required in the future, shall be the responsibility of the then current owner of the property. Any refunds by the District of fees, charges, deposits and other amounts will be made to the then current owner of the subject property, regardless of who made the payments.

**WARNING:** If the Property is equipped with a fire sprinkler system, the termination of water service will shut off water to the fire sprinkler system and the property will not be protected against fires.

By signing this application and accepting a permit for water service from the District, Owner, on its own behalf and on behalf of Owner's successors and assigns, releases, waives, discharges and agrees to indemnify, defend and hold harmless the District and its directors, officers, employees and agents, from any and all claims, demands, damages, actions, omissions, suits, liabilities, causes of action, costs and expenses, including attorneys' fees (collectively, "Liabilities"), resulting from or arising in connection with of the termination of water service to the Property and to the fire sprinkler system thereon, including but not limited Liabilities resulting from or arising in connection with fires.

IT IS UNLAWFUL TO CONNECT ANY BUILDING, SIDE, LATERAL OR MAIN SEWER LINE OR ANY LATERAL OR MAIN WATER LINE TO THE DISTRICT'S SEWER OR WATER SYSTEMS WITHOUT A PERMIT FROM THE DISTRICT.
